

Technical Illustrator

Location: Cambridge
Salary: Attractive packages
Hours: 37 hours per week, with possible overtime
Contract: 6 month contract

DCS Sonovision consists of passionate, dynamic and quality driven people who come from a wide range of backgrounds including the Aviation, Rail, IT, Financial and Defence industries. DCS Sonovision believes that understanding the product is fundamental to creating world class documentation. This approach, and an enthusiasm for new technologies, is what bring our customers back to us time and time again.

Your role will focus on the creation of documentation on behalf of a world-class manufacturer.

Your position will involve:

- Creating Isometric Illustrations for customer Maintenance Manuals and exploded view illustration for Illustrated Parts Catalogues
- Compiling source data from the Customer Engineering Database to create Illustrations
- Manipulating 3D Models from the Customer Engineering Database
- Working closely with the Technical Authors
- Liaising with the customer engineering teams
- Liaising with the on-site support team to resolve technical queries

The right candidate will have the following experience:

- Strong working knowledge of ISODraw CAD Process and technical drawing standards
- Good understanding of Quality Control processes and CSDB structures
- Working with dedicated illustrating guidelines from customer requirements
- Working with Engineering Drawings, Manufacturer Production Processes and 3D Models

The right candidate will have the following skills and background:

- A pro-active approach to problem solving and investigation
- Strong communications skills and able to work as part of an international team
- The capability to manage multiple tasks at once and providing reports to the Project Coordinator
- The ability to remain flexible and adapt to changing customer requirements
- The capability to work to tight deadlines with minimal supervision
- Valid Driving Licence

Please note, candidates must successfully undergo UK Security Vetting before they can be appointed. The level of security needed is Security Check (SC).

DCS Sonovision is part of an international technical publications organisation with a strong business vision. Our UK offices in Letchworth & Bristol support a strong customer base which is rapidly growing. We employ an exceptional array of talented individuals responsible for the company's reputation for excellence within the industry.

Screening:

Are you a technical illustrator, experienced creating Isometric Illustrations or exploded view illustrations?
Do you have a strong working knowledge of ISODraw CAD Process and technical drawing standards?
Do you have experience working with dedicated illustrating guidelines from customer requirements?
Are you eligible to live and work in the UK, with a valid Passport and driving licence?
